A

Cruising In the North Atlantic In 1862

Remarks Thursday Sept 16th 1st First-part Moderate breez and a heavy Swell from the E N East, Ship on the S Eastern Tack Midday fast wind haued to the E S East wee Ship heading N East latter part moderate breez and a heavy Swell Some rain heading N East We Small Blackfish, Watches employed Variously about Ships duty So Ends

Lat by Obs 34° 52' North
Long by Chro. 59° 51' West

Remarks Friday Sept 17th 1st First-part Moderate breez heavy Swell and Some rain Ship on the N Eastern Tack, To day Looked at the Pumping Machine and found it Verry much out of order, repaired the best I Could had'nt much to repair with, midday fast fresh Breez and Squalls, Weather looking Dirt Latter part Moderate and Watches employed Variously about Ships duty So Ends, No Obs.

Remarks Saturday Sept 18th 1st First-part Wind increasing with heavy rain Squalls, Barometer falling very fast got the Ship under Snug Sail, took in Studdy out the Boats and Lashed Boats hoisted Clear up and Lashed Solid, wind Still increasing, at 3 30 P M had sharp Lightning and a heavy Sea running blowing a powerfull Gale from the E S East at 4 P M Wind increased to a Hurricane and Shifted to North, took in the Main Topsail, at 5 P M the Ship went down and when she righted the two port Boats took away, another Terrific Squall Struck the Ship down, and when she righted a Cask of Sperm Oil went over the Lee Rail with Other Eleven Casks, in a few moments another Violent Squall Struck, and the Ship being on her Beam Ends, and would not right, there was only one Chance for us, and that was to cut away the Masts in which the Capt. assisted

Bark Hecla. Frederick H Smith. Master.

and his orders wer instantly obeyed, cut away
lanyards of the fore topmast back stays, and
over board went by the board instantly, and
it gave the Ship great relief and She began
to right, with nothing left but three Lower Masts,
fore and main Yards, with Course at tackes.
put all hands to the Pumps, and finaly freed
her of water Bulwarks knocked out, and Caboos
washed away, and other damages about the Ship,
at 8 PM began to moderate a little, the Ship.
still laboring heavily, Midaly part, began
to moderate, latter part, quite moderate.
Wore Ship. Set the Course, heading East. All hands
employed, clearing the wreck off. So Ends,

Lat by Obs. 35° 04 North
Long by Obs. 5° 42 West.

One thing must not forget to mention, and that
is, after Cutting away the Masts the Ship was
laboring very heavily, So we thought of everything
that would be for the safety of the Ship, and
finaly Concluded to boil a Small Keg
in a Cask of Sperm Oil, to which we did,
to let it out to Smoothen the angry waves,
and we found it a great benefit to us, as
the Ship layed Quite in the Slick water, So Ends,

Remarks Sunday Sept 19th. First part, quite
moderate, with a heavy swell. Ship heading East
under Courses, Fore Topmast Stay Sail, bent on
the fore Stay, Main Spencer Gaff, Repaired,
and Sail set, the Ship looks rather dismal
when we look aloft. Decks also sore,
All hands still employed clearing up and lash-
ing up, at 4 PM got Cleared away, and lashed
up, and the old Ship looks forsaken, Middly
part fresh breez, heavy swell, and Gradly
moderating. Ship on the Easterly tack under
all Sail, that includes Fore Stay Sail,
Courses and Spencer, Watches employed about
Ships duty, So Ends, Lat N. 34° 8' Long 49° 2 West.

Bound for Hayaf 14. In 1869
